

MUSIC FOR DIY ELECTRONICS

Dirty Electronics Soho Radio Residency 19 – 23 March celebrating Music for DIY Electronics. With special guests, workshops, micro forum & performances, broadcast, live printing press, and exhibition featuring artwork PCBs and graphic scores.

MON, MARCH 19

Ewa Justka Sequencing Machine Workshop 13:00 - 16:00 (session 1)

Ewa Justka Sequencing Machine Workshop 16:00 - 19:00 (session 2)

The Sequencing Machine is a pseudo modular diy synthesiser. Depending on the patch you make you can create different sequences. This simple yet versatile synth is capable of producing a wide range of weird sounds from watery, noisy rhythms to 8-bit melodies.
